

## CARE Series

# 3054 WALK-IN TUB

Despite it being one of the first models ever designed, the American Tubs 3054 from our CARE Series remains one of the most popular and top selling models to this day.

The 3054 offers a safe and elegant spa experience within the comforts of your own home. With a 20½" wide seat and moderate 38" overall height, this time-tested design provides ample leg room and a supremely comfortable bathing position, all contained in a relatively standard footprint to fit most bathtub areas.

Although, "one-size fits all" is not a phrase typically associated with walk-in tubs, the 3054 comes the closest to claiming that title.
