

CARE Series

3055 WALK-IN TUB

The American Tubs 3055 from our CARE Series encapsulates the essence of a luxurious and pampering walk-in bathtub experience. With its 46" height and lavish bathing depth, the 3055 is the deepest walk-in tub on the market.

Emulating the immense soaking baths found in Japan, the 3055 enables the bather to fully immerse themselves in warm water for a truly sumptuous bathing experience. This is an excellent tub choice for users 6'2" or taller. It is very important to consider the size of the current hot water heater when evaluating this model for your home, as it can require upwards of 95 gallons of water with a smaller bather.

To ensure a balmy and relaxing bath, most homeowners pair the 3055 with a new, larger hot water heater tank, our fast-fill faucets, and patented 2" HurryDrain™.
