

CARE Series

3060 WALK-IN TUB

The American Tubs 3060 from our CARE Series has been a staple in the walk-in tub industry for over three decades.

Its 30" width and full 60" length perfectly fit into most standard tub or shower spaces, while its extra-wide 20½" seat and extended well provide a comfortable bathing position and ample room to stretch your legs. Due to its full 60" length, the 3060 does not come with a matching extension kit.

When selecting the 3060, it is important to consider the turning radius and other maneuverability factors to ensure it can be easily positioned in the bathing space and subsequently installed. The 3060 is the perfect choice for individuals with long legs between 120-230 lbs.
