

## CARE Series

# 2848 WALK-IN TUB

The American Tubs 2848 from our CARE Series presents an elegant, safe and rewarding spa experience within a unique, space-saving design.

The 2848's compact width and length allows for easy maneuverability through narrow doorways, hallways, and perfectly fits in tight spaces. This is the tub of choice for either petite users between 100-160 lbs. and shorter than 5'10" tall, or for installation in a 48" shower stall.

This rare tub size enables even mobile homeowners and those with a three-quarter bath to recapture their independence. The curved, "knee-saver" door design makes closing the door much simpler from a seated position.
