

## CARE Series

# 2852 WALK-IN TUB

The American Tubs 2852 from our CARE Series presents an elegant, safe and rewarding spa experience within the comfort of your own home! After a decade of fine-tuning and development, the 2852 represents the optimal balance of exterior to interior space, allowing for a roomy and comfortable interior.

Boasting a 41" height, this model provides a deep tub upper body experience allowing users to fully enjoy the benefits of long soak baths. Additionally, its relatively compact outer dimensions allow it to be maneuvered easily through most standard doorways, hallways and stairwells.

It is no wonder why this model has become the most popular size for the majority of our clientele. With its 18" wide door for easy entry, the 2852 is an ideal choice for users between 120-240 lbs.
