

CARE Series

2852S WALK-IN TUB

The American Tubs 2852-S from our CARE Series presents an elegant, safe and rewarding spa experience within the comfort of your own home! After a decade of fine-tuning and development, the 2852-S represents the optimal balance of exterior to interior space, allowing for a roomy and comfortable interior.

Boasting a 41" height, this model provides a deep soak experience for the upper body. Additionally, its relatively compact outer dimensions allow it to be maneuvered easily through most standard doorways, hallways and stairwells. The innovative curved door design, affectionately called the "knee-saver", features a large 20" wide upper measurement with a narrow 14" lower width on the door making closing the door while seated significantly easier.

Aesthetically appealing to the eye, yet spacious and accommodating, the 2852-S is ideal for individuals up to 240 lbs. It is no wonder the 2852-S is quickly becoming our top seller.
