

EXTRA WIDE AND DEEP SERIES **D3555KS Walk-In Tub**

The American Tubs **D3555KS** from our Extra Wide and Deep Series is a top of the line bariatric walk-in tub that provides fuller-figured individuals up to 450 lbs. a safe and comfortable bathing experience. The D3555KS is, bar none the widest and most spacious walk-in tub model on the market. The convenient, 23 ½", curved doorway makes entry and exit of the tub incredibly easy, while the extra-wide, 27" seat, with an under-seat support frame, provides ample bathing space with some additional "wiggle room". Attention should be paid to both the current size of the hot water heater as well as to the hallways, doorways and stairwells leading up to the bathroom. Having the largest well space of any of the American Tubs walk-in tubs, the D3555KS is a popular choice for multi-generational homes or for individuals who prefer showers.
